WHISPERSENSE DC

Panasonic WhisperSense®DC™ Ventilation Fans (with and without LED light)

Product Description and Features

WhisperSense® DC™ Precision Spot Ventilation fan with built-in Dual Sensor Technology (Motion & Moisture) for automatic moisture and odor control.

Features Pick-A-Flow[™] speed selector switch to select required airflow (50-80-110 CFM) and ECM Motor with SmartFlow® technology for optimum performance.

Can be used to comply with the latest codes and standards.

- Precision spot ventilation fans ideal for use in the bathroom, laundry room, mud room, basement or garage
- Revolutionary ECM motor with SmartFlow[™] technology for optimum **CFM** output
- Pick-A-Flow Speed Selector (50-80-110 CFM) combined with SmartFlow[™] Technology simplifies the selection process and ensures optimum performance to meet code and reduce callbacks
- Dual Sensor Technology (Motion & Moisture) provides built-in redundancy for the ultimate in automatic moisture and odor control
- Flex-Z Fast bracket provides flexible, fast & trouble-free installation, even from below the ceiling

- Hassle-free installation features like an integrated 4" or 6" dual duct adapter
- UL listed for tub/shower enclosure when GFCI protected
- Auto shut off feature saves energy and further reduces operating costs
- Built-in damper and metal flange provides blocking for penetrations through drywall as an Air Barrier, decreases leakage in the Building Envelope during blower door testing
- Warranty: 6 years ECM Motor, 5 years LED, 3 years all other parts

oerSense DC

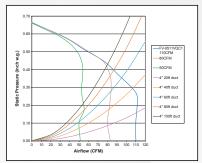

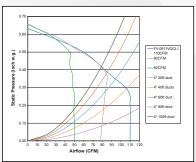

ECM Motor with SmartFlow™ Technology WhisperSense® DC™ is designed to perform as rated. When the fan senses static pressure, its speed is automatically increased to ensure optimal CFM output. This feature provides peace of mind, as the installer doesn't have to worry about compromising the fan's performance, even with a complicated duct run. Pick-A-Flow Speed Technology Built-in Pick-A-Flow speed selector provides the unique ability to select your required airflow (50-80-110 CFM) with the simple flip of a switch.

The power of performance, with exclusive smart sensing technology ECM Motor with SmartFlow™ Technology WhisperSense® DC™ is designed to perform as rated. When the fan senses static pressure, its speed is automatically increased to ensure optimal CFM output. This feature provides peace of mind, as the installer doesn't have to worry about compromising the fan's performance, even with a complicated duct run. Pick-A-Flow Speed Technology Built-in Pick-A-Flow speed selector provides the unique ability to select your required airflow (50-80-110 CFM) with the simple flip of a switch. Three ways the fan can function • Motion on/Motion off • Motion on/Humidity off • Humidity on/Humidity off • Variable humidity controls from 30-80% Relative Humidity (RH) • Adjustable delay timer from 30 seconds to 60 minutes LED Lighting WhisperSense® DC™ fan/light models feature a contemporary flush mount grille.
