3M FIRESTOP PRODUCTS AND ACCESSORIES

3M™ Fire Barrier Rated Foam FIP 1-Step

Designed to expand up to 5 times in volume after dispensing, This intumescent foam can be used to fill the annular space created by pipes and cables penetrating through fire-rated construction

- Firestop tested and rated up to 2 hours in accordance with ASTM E814 (UL 1479) and CAN/ULC-S115
- Re-enterable and repairable foam remains pliable after installation
- Excellent adhesion and does not require backing material in wall or floor applications

ALL PRODUCTS IN STOCK!

3M™ Fire Barrier Composite Sheet CS-195+

- Four component intumescent system is ideal firestop solution for larger penetrations such as cable trays and conduit
- Forms effective intermittent fire-break within horizontal & vertical cable tray runs
- Hard char material tightly seals penetrations against flame spread, smoke, and toxic gasses
- Easy to cut, form, and install using ordinary tools

SWIFT **NEW** PRODUCT **SPOTLIGHT**

3M™ Fire Barrier Blocks, Planks, and Plugs – A Better Way to Fill Large Gaps

- Fills large gaps quickly while restoring wall integrity with simple “stack, seal, and done” application
- Engineered to remain securely in place without wire mesh reinforcements
- Pre-formed blocks fill large openings quickly – saving time and money
- Material is easy to trim onsite without special tools, achieving a precise fit, without cure time
- Material is paintable with primer for a more seamless appearance
- Blocks are re-enterable and reusable minimizing waste and saving money
- Combine with 3M™ Fire Barrier Rated Foam FIP 1-Step to easily seal openings

DESCRIPTION OF OUR SERVICES:

The Swift/3M team can help with system selection, training & certification and walkthroughs on the jobsite. Our full service approach and robust inventory levels will make it easy to add firestopping into your scope of work.

The Swift Electrical Supply – 3M™ Team Delivering Unmatched Support

From Understanding Your Project Needs to Providing the Solution

- Providing local best-in-class product support with inventory in-stock
- Project consultations and needs assessments
- Jobsite walkthroughs and certified application training
- Specialized Firestop Training Available / 3M™ AIA Lunch and Learn Program

We offer AIA accredited firestopping product training if your company requires continuing education credits.
