

PRODUCT SPOTLIGHT

Electric Vehicle Supply Equipment

For a complete and trusted EV charging infrastructure

Leviton is proud to be a pioneer in the electric vehicle supply equipment (EVSE) industry, providing charging solutions for over a decade while keeping up with the latest technology. The My Leviton App enabled solutions offer a full portfolio of connected devices so any home, new or old, can be a smart home.

New EV-Series line of electric vehicle supply equipment re-designed 32 and 48 Amp Level 2 charging stations plus pedestals and accessories:

- Higher kW Output = Faster Charging
- Optional Access Control with RFID Technology
- Charges ANY Electric Vehicle
- For Indoor or Outdoor use with NEMA Type 3R Enclosure
