- Confined Space Gear
- Drop Safety Equipment

**Werner  
Harnesses  
include Chair  
in the Air  
Technology**

### Blue Armor H212002 Standard (Back D-Ring) Harness

- Built in Relief Handles provide immediate relief after a fall arrest allowing you to reach a gravity override seated position
- WebAlert™ inspectable webbing makes wear and damage visible and obvious, and with multiple impact indicators, makes inspection easier
- Lightweight, form fitting padding with breathable compression interior is designed to protect user and prevent tangling when donning
- Slotted pass through buckles on the chest strap fastens without twisting
- Tongue buckle leg straps are ideal when multiple workers use the same harness
- 5-point adjustments for optimal fit
- Meets ANSI z359.11 Standard for Full Body Harnesses

### Werner ProForm™ F3 H012002 Standard Harness with Tongue Buckle Leg

- Lightweight, athletic design and materials deliver maximum comfort without compromising safety
  - Dual-Back pad system provides cooling airflow and breathability and can be repositioned after a fall to reduce pressure on the clavicle
  - New WebAlert™2 inspectable webbing makes wear or damage clearly visible and contains a weather-resistant coating
  - Aluminum Quick Connect buckles include green indicator for visual sign of proper engagement
  - Focused padding minimizes weight and bulk, while inner compression layer reduces contact points and promotes airflow
  - Meets ANSI z359.11 Standards for Full Body Harnesses
